1. How it works

	Step
1	Start. You describe the dispute and the amount, and invite the other party. We send the invitation and up to two reminders.
2	Negotiate. Both parties use a private online room to exchange structured offers and counter-offers and share documents. The window is 15 days from the day the other party joins.
3	Settle. When you agree, the terms flow into a settlement agreement template, which both parties review, e-sign and e-stamp on the Platform.
4	Not settling? Move to mediation or arbitration on NoLegalPaisha, with your negotiation fee credited (section 6).

2. Fees

2.1 Platform Fee (one-time, covers both parties)

Amount in dispute	Platform Fee
Up to ₹50 lakh	₹999
₹50 lakh – ₹1 crore	₹2,499
₹1 crore – ₹5 crore	₹4,999
Above ₹5 crore	₹9,999

Who pays: the party who starts the negotiation pays the Platform Fee when filing. The other party pays nothing to join.

2.2 Optional facilitator (per session)

Either party can ask for a neutral facilitator, but only if both agree. The facilitator chairs a live online session to keep the negotiation structured and moving.

Amount in dispute	Facilitator's fee per session
Up to ₹50 lakh	₹1,500
₹50 lakh – ₹5 crore	₹3,000
Above ₹5 crore	₹5,000

- A session is an online meeting of up to 60 minutes. Up to **3 facilitated sessions** can be booked in one negotiation.
- **Who pays:** the facilitator's fee is shared equally, and each party pays its half when booking. The facilitator's fee belongs to the facilitator and is passed to them in full.

What a facilitator does, and does not do

Does: sets the agenda, manages turns and time, keeps the discussion on the open points, and records what the parties have agreed in the settlement template.

Does not: evaluate who is right, give legal advice, suggest settlement terms, or hold private sessions with one party.

If you want a neutral who will actively help you find terms, including private sessions, choose **Online Mediation**. Your negotiation fee is credited (section 6).

Facilitated sessions: cancel at least 24 hours before and your half is refunded or carried to a new session. If the facilitator cancels or does not attend, both halves are refunded in full or carried to a new session, whichever the parties prefer. **Not settling is not a ground for a refund.**

6. No deal? Move up with credit

Your negotiation fee is not wasted

If the negotiation ends without a settlement and you start an **Online Mediation** or **Online Arbitration** on NoLegalPaisa for the same dispute within 30 days, **the full Platform Fee you paid for the negotiation is credited** against the new Platform Fee.

7. Common questions

Is a negotiated settlement binding?

Yes. Once both parties sign, the settlement agreement is a binding contract under the Indian Contract Act, 1872. It is not a court decree: if a party breaks it, it has to be enforced through the courts, or through NLP arbitration if you included the optional arbitration clause.

Does NoLegalPaisa advise me?

No. The Platform provides the tools and, if you choose one, a neutral facilitator. Neither gives legal advice. If you want advice on the settlement, you can book a lawyer through the Platform's legal services.

What if the other party never joins?

See section 5. You can take a refund less a small notice charge, or carry the full fee forward to mediation or arbitration.

Is the negotiation confidential?

Yes. Offers, counter-offers and documents are visible only to the parties and, if appointed, the facilitator. You should treat them as made on a without-prejudice basis.

8. The fine print

- About this Schedule.** This is the Service Schedule for Online Negotiation on NoLegalPaisa (the "Platform"), operated by Kaahmucnee Solution Private Limited ("NLP", "we", "us"). It forms part of your agreement with us and must be read with the NLP Negotiation Rules, our Terms of Service and our Refund & Cancellation Policy. On fees, payment and refunds for this Service, this Schedule prevails over the Refund & Cancellation Policy to the extent of any difference.
- Amount in dispute** means the amount stated by the party starting the negotiation, including interest claimed up to the date of filing. Where the other party states a larger amount, that amount decides the slab for any facilitated session. Disputes without a money value are charged at the first slab.
- Taxes.** All amounts are in Indian Rupees and exclude GST. GST is charged on the Platform Fee at the prevailing rate (currently 18%). GST on the facilitator's fee depends on whether the facilitator is registered for GST. Each component is shown separately on your invoice.

4. **The facilitator's fee belongs to the facilitator.** It is collected through the Platform's payment partner on the facilitator's behalf and passed to the facilitator in full. NLP keeps no part of it. NLP's own charge is the Platform Fee only.
5. **Pay only through the Platform.** All payments must be made through the Platform's payment page (UPI, net banking, NEFT/RTGS, cards or other modes shown at checkout). Never pay a facilitator or anyone else directly. No facilitator will ask you to.
6. **Tax deducted at source.** Where tax is required to be deducted at source under applicable income-tax law, the paying party is responsible for deducting it and providing the certificate. Each party and each neutral is responsible for its own tax compliance.
7. **Third-party costs.** Stamp duty, court or registry fees, courier charges and other amounts payable to third parties are charged at actual cost, are payable by the party concerned, and are not refundable once paid.
8. **Changes to this Schedule.** We may revise this Schedule. Revisions apply only to cases filed after the revised Schedule is published on www.nolegalpaisha.com. **The version in force on the date your case is filed applies to your case throughout.**
9. **Businesses filing in volume.** Banks, NBFCs, fintech lenders, housing finance companies and other enterprises may agree enterprise pricing and service levels with us under a written Enterprise Agreement. Enterprise pricing never affects how facilitators are appointed.
10. **Disputes about fees.** These are governed by the disputes clause of our Terms of Service.
11. **Your statutory rights.** Nothing in this Schedule excludes or limits any right you have under the Consumer Protection Act, 2019 or any other law that cannot lawfully be excluded.
